... contract for the sale of the remaining residues to Cotter Corporation, Roswell, New Mexico. The contract is in the process of being executed and we hereby request an extension of the subject license as amended for a period of three months commencing December 31, 1969. The reason for the requested extension is to permit us to consummate the sale. The operation at Hazelwood, Missouri was never one of processing but merely of drying and loading on cars for shipment to Cotter under a previous agreement. It is not expected that there will be any such operation during the requested extended time.

We would appreciate your acknowledging receipt of this letter and hope that our license, as amended, will be extended as requested.
